One day, it was burning.

Everyone wanted water,  
except

Una and (Aunt) Linda.

They had enough water.

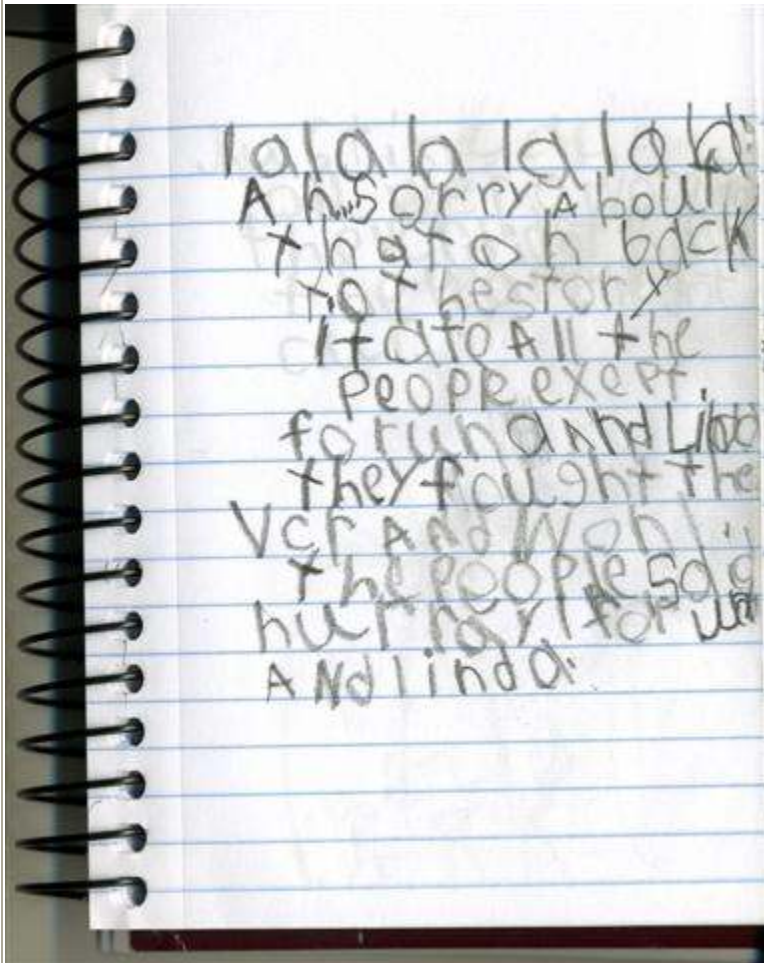

Then, one day a person's  
VCR started

eating tapes.

It got bigger and bigger.

Intermission.....

(note: Elijah and daddy  
watched "The King and I"  
and he liked the idea of an  
intermission. Hence, this  
one.)

La La La La La

(note: that would be the intermission music)

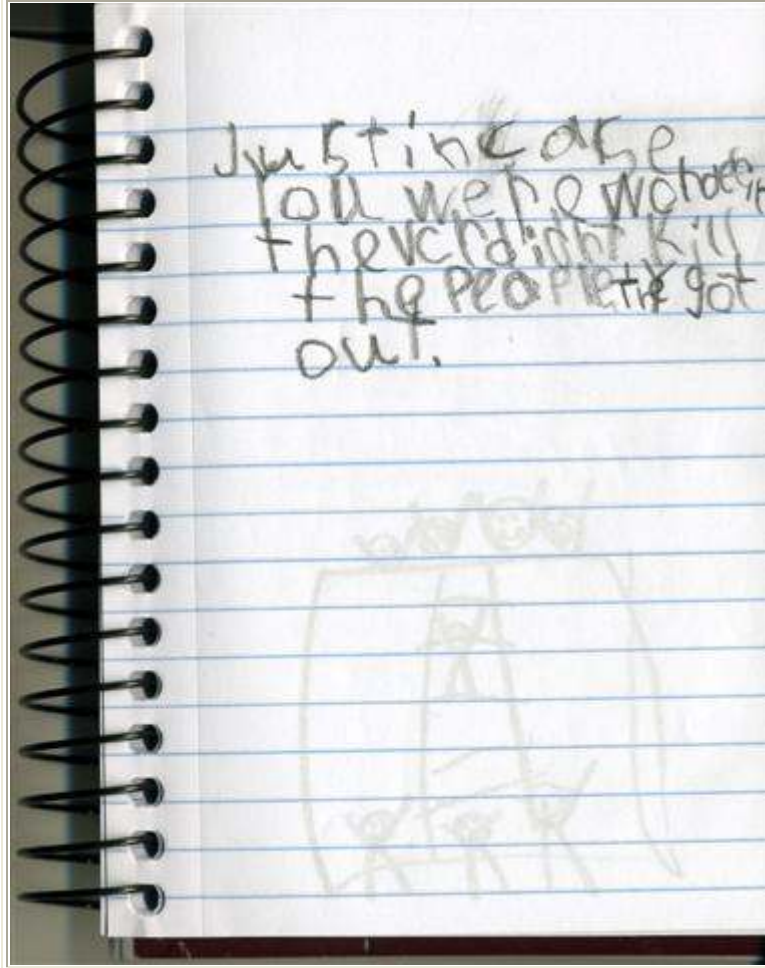

Ah... Sorry about that.  
Oh, back to our story...

It ate all the people except  
for

Una and Linda.

They fought the VCR and  
won !!!

The people said "Hurray  
for Una and Linda!!!"

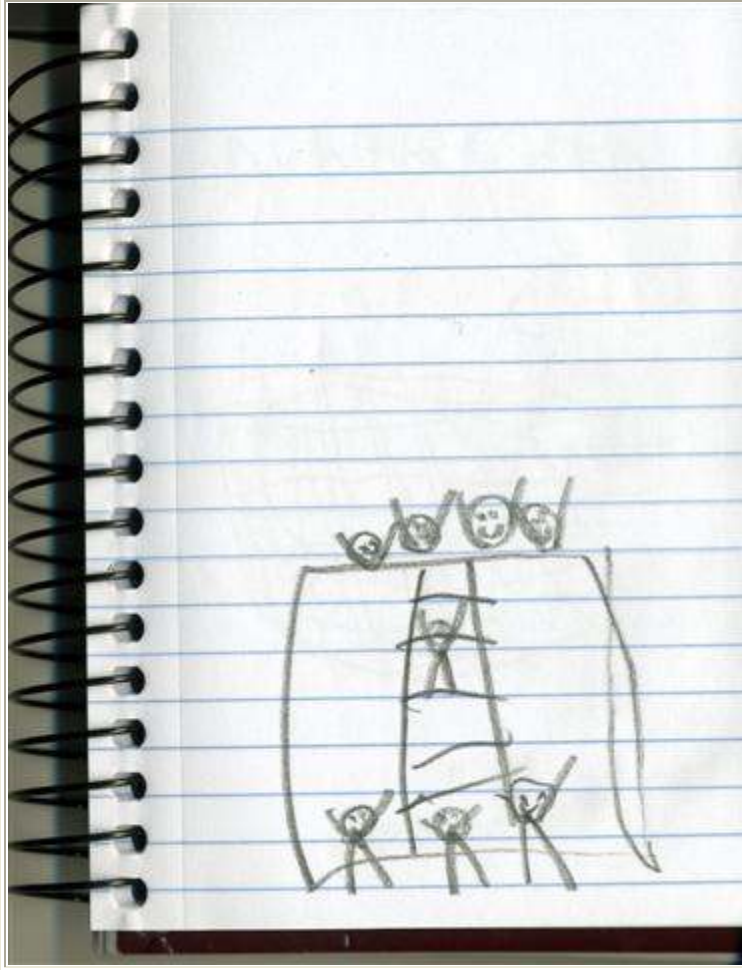

Just in case you were wondering.

The VCR didn't kill the people.

They got out.

(note: the next page is a picture of the people getting out)
